The 1-2-3 of DCD for the ICU Attending

With any DCD patient, you, as the ICU attending, are responsible for the below:

1. Read and print out **hospital policy PR-13**.
2. **Coordinate with the resource nurse** and **call a huddle** with the ICU team, OR staff, and NEDS Coordinator. **Run the checklist** in PR-13 Attachment B.
3. **Go to the OR and remain present** at least through extubation. Decide among your team who will remain present through the 2 hours between extubation and declaration.

Policy PR-13

Patients undergoing DCD remain our patients until death. Please ensure they receive the same compassionate care as any patient undergoing withdrawal of life-sustaining treatment, with an unwavering commitment to comfort, dignity, and respect.
